

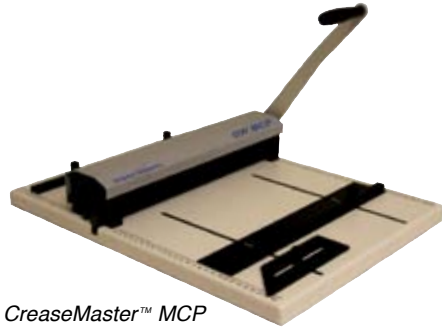

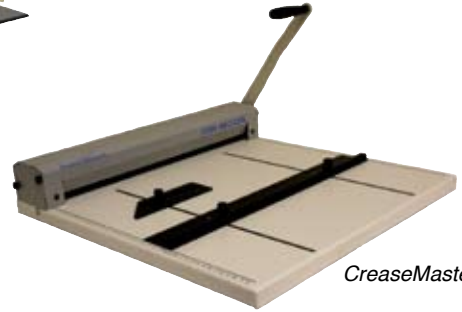

Graphic Whizard

CreaseMaster™ MCP

CreaseMaster™ Pro

CreaseMaster™ MCOS

CreaseMaster™ Platinum

CreaseMaster™ Plus+

CreaseMaster™ Series

The CreaseMaster™ is designed with the digital marketplace in mind. The system impact scores materials prior to folding, eliminating the problem of toner cracking on digitally printed stock. Traditionally printed stock that exhibits cracking problems will also benefit from an impact score before folding, ensuring a professional finish. Solid construction gives years of reliable performance.

Graphic Whizard has a CreaseMaster™ that is right for any job and budget with five systems to choose from: The CreaseMaster™ Platinum, The CreaseMaster™ Plus+, The CreaseMaster™ Pro, The CreaseMaster™ MCP and The CreaseMaster™ MCOS.

5 YEAR LIMITED WARRANTY

CreaseMaster™ Series

Ideal For:

- Brochures
- Greeting Cards
- Perfect Bound Covers
- Presentation Folders
- Book/Catalog Covers
- DVD/CD Case Inserts
- Tent Cards
- Self Mailers
- Laminated Pieces

- Miscellaneous Information
- same advantages as CreaseMaster™ Plus+ and...
 - batch counting (manual restart or 2-10 sec timed restart)
 - shift creases on the fly
 - repeat first crease while programming
 - last job recall
 - single sheet set-up in minutes
 - allows quick change of jobs
 - bottom suction air feed eliminates scuffing and allows continuous loading for greater productivity
 - menu driven touch screen ensures operator-friendly easy editing of a programmed job

- solid steel construction
- MCP creases and perforates on any angle up to 90° with a simple manual adjustment of perf., narrow or wide crease
- MCOS creases on 45° and 90° with a simple manual adjustment of .5,1.0,1.5,1.8mm / .2, .4, .6, .71" creases

Note: CreaseMaster™ Platinum, Plus+ and Pro are pneumatic. A compressor (min. 90 psi, 3/4 hp, 5 gallon reserve tank) is required but not supplied.
